PIZZA BAKING INSTRUCTIONS

- * Preheat oven to 450 degrees.
- * Remove plastic wrap & instructions
- * Place pizza (with baking tray) on the center rack of oven.
- * Check pizza after about ten minutes, if any large bubbles appear; puncture with fork.
- * Average baking time is about 12-18 minutes. Times may vary - every oven bakes a little differently. Pizza is done when the crust is golden brown & the cheese is melted.
- * Remove pizza from oven, let set a few minutes, *Slice, serve, & enjoy!*
- * **Helpful Hints**
 - Bake only one pizza at a time
 - Rotate pizza a 1/2 turn during baking may result in more even browning.
 - Baking tray may discolor which is normal if you are not going to bake the pizza within 30 minutes, refrigerate up to 24 hours.
 - If pizza was refrigerated, remove from refrigerator 30 minutes prior to baking.

*We can deliver your Take & Bake pizzas to your home or work.
Limited Delivery area & min. order \$10.*
